AT THE FOUNDATION FOR DELAWARE COUNTY

CONVERT A PRIVATE FOUNDATION INTO A FOUNDATION FUND

For many donors, the burdens of managing a private foundation can overshadow their primary desire to do good. A charitable fund at The Foundation for Delaware County offers an easy alternative.

Charitable funds at The Foundation for Delaware County are powerful vehicles for personal, family, or corporate philanthropy. Instead of being encumbered with the costs and restrictions of a private foundation, a charitable fund is an affordable, flexible tool that simplifies your giving.

The financial and administrative structure of the Foundation ensures the efficiency and impact of your charitable dollars. From managing complex assets to addressing diverse needs, our areas of expertise span the range of challenges philanthropic individuals face. Unlike providers of commercial, charitable funds, the Foundation's sole business is philanthropy—free of any other motivation than philanthropic service to our donors, nonprofits, and communities.

TRANSFER A FOUNDATION OR TRUST

You can transfer an existing charitable foundation or trust to us. We will ensure that grants are distributed in the spirit of the original objectives, both now and in the future. We take on all the responsibilities for investment, administration, and compliance. Private foundations and trusts converted to a fund can maintain the same name as the former charitable entity, or update as you wish. Trustees can remain involved.

THE FOUNDATION FOR DELAWARE COUNTY

We are more than just a platform for charitable funds; we're at the center of a community movement. The Foundation empowers individuals, families, and businesses to maximize their philanthropic potential. We are a catalyst for smarter philanthropy - not just donations, but strategic investments in our shared future.

The exponential power of collective action has transformed the Foundation into one of the largest philanthropic engines in the region. Each year, we distribute more than \$2 million dollars in grants to dozens of nonprofits and community groups that provide vital services and resources for our neighborhoods.

Our work stretches beyond financial assistance. We support local nonprofit organizations by providing skill-building events, training, and resources for staff and board members. We provide forums for funders, government officials, and nonprofit leaders to converge, learn, and foster a dynamic, interconnected community that works together.

Our connection to the communities we serve isn't distant or abstract; it's deep and personal. Our public health programs directly impact thousands of individuals each year, allowing us to both offer essential services and gain a true understanding of community needs.

Join us. Together, we can shape a future where compassion fuels change, where collective generosity amplifies impact, and where we, as one community, empower lives and redefine the landscape of philanthropy.
