THE FOUNDATION FOR DELAWARE COUNTY

We are more than just a platform for charitable funds; we're at the center of a community movement. The Foundation empowers individuals, families, and businesses to maximize their philanthropic potential. We are a catalyst for smarter philanthropy - not just donations, but strategic investments in our shared future.

The exponential power of collective action has transformed the Foundation into one of the largest philanthropic engines in the region. Each year, we distribute more than \$2 million dollars in grants to dozens of nonprofits and community groups that provide vital services and resources for our neighborhoods.

Our work stretches beyond financial assistance. We support local nonprofit organizations by providing skill-building events, training, and resources for staff and board members. We provide forums for funders, government officials, and nonprofit leaders to converge, learn, and foster a dynamic, interconnected community that works together.

Our connection to the communities we serve isn't distant or abstract; it's deep and personal. Our public health programs directly impact thousands of individuals each year, allowing us to both offer essential services and gain a true understanding of community needs.

Join us. Together, we can shape a future where compassion fuels change, where collective generosity amplifies impact, and where we, as one community, empower lives and redefine the landscape of philanthropy.
