THE FOUNDATION FOR DELAWARE COUNTY 10 YEARS

The Foundation for Delaware County
Annual Report 2026

# $18.8 MILLION

## DISTRIBUTED IN GRANTS, SCHOLARSHIPS, AND CHARITABLE CARE SINCE 2016

# 10 YEARS OF IMPAC

## ABOUT DELAWARE COUNTY

Delaware County is home to more than 580,000 residents across 49 municipalities — from the urban heart of Chester to the college towns of Swarthmore and Radnor, from the busy corridors of Upper Darby to the quiet landscapes of Chadds Ford. Each community has its own character, its own challenges, and its own potential.

# TO OUR GENEROUS COMMUNITY

Ten years ago, The Foundation for Delaware County was established with a simple but ambitious purpose: to make a lasting difference in the lives of the people and communities of Delaware County. A decade later, what inspires us most isn't simply how far we've come, but how much we have learned from the people who make this county what it is.

Across our county, people are finding ways to make their communities stronger. Donors invest in causes close to home. Neighbors show up for neighbors. Nonprofit leaders find creative solutions to seemingly insurmountable problems. Volunteers give their time. Much of this work happens quietly, without headlines or recognition, but together it creates the fabric of a community that cares for its own.

Our role as a community foundation is to amplify that spirit of generosity and determination. We bring people together, connect needs with resources, and help promising ideas become lasting solutions. Just as importantly, we listen and learn from those closest to the challenges and opportunities facing our communities.

This past year offered powerful examples of that work. Through the Rapid Response Fund and Partners in Giving, we joined with The Community's Foundation to mobilize resources and respond to urgent needs. With the official launch of Family Village, we brought a more integrated approach to supporting children and families. Across our work, we continued to see what becomes possible when people come together around a common purpose.

**As we mark our 10th anniversary, we are inspired by how our community inspires us.**

That inspiration matters especially now. Delaware County faces real challenges, and community needs continue to grow even as resources become more constrained. But if the past decade has taught us anything, it is that meaningful change rarely begins with a single institution or a grand plan. More often, it begins with people who see a need, decide to act, and bring others along with them. Our responsibility is to help those efforts take root, connect, and grow into something greater.

Thank you for your continued generosity, partnership, and belief in our mission. As we look toward our next decade, let us continue to amplify the many ways the challenges of today can become the breakthroughs of tomorrow and the foundation for a stronger Delaware County in the decade ahead.

Together, we are all in for Delco.

Gratefully,

Michael B. Magnavita
Chair

Michael F. Kellerman
President

# AMPLIFYING **Generosity**

## FY26 Impact

**$2.8 million**
raised through Delco Gives for 323 nonprofits

**767**
learning interactions through the Center for Nonprofit Excellence

**94**
charitable funds administered by the Foundation

**8,000+**
people served through Family Village

**$2.2 million**
in grants, scholarships, and charitable care

## We are the nexus for people who are invested in addressing local issues.

The Foundation for Delaware County brings together passionate donors and committed community organizations to create a stronger and more resilient Delaware County.

Despite the challenges facing Delaware County, we know that so much good is possible when our community works together.

The Foundation fuels generosity and amplifies countywide efforts by:

* **Coordinating responses to complex needs.**
* **Stewarding charitable dollars to benefit local causes.**
* **Investing resources in Delaware County now and long into the future.**

The Foundation is distinct among community foundations for our combination of philanthropic support and direct services. We provide personalized stewardship of charitable funds, we lead programming, convene thought-leaders, and support those doing the most good in our communities. With decades of experience, we bring deep local knowledge to our communities.

In our approach, the whole becomes greater than the sum of the parts. The Foundation connects donors, decision-makers, service providers, residents, and resources to catalyze change.

*"The Foundation for Delaware County has become a true catalyst for positive change throughout Delaware County. They don't simply provide funding; they build capacity, foster collaboration, and invest in people. They understand that creating lasting community impact requires strong nonprofits, engaged leaders, and meaningful partnerships."*

– **Christine Jackson,**
Founder, Hope For Hallie

# AMPLIFYING **Community Leadership**

## Coordinated Responses to Local Issues

The past year saw increasing disparities and instability nationwide. Reduced federal funding, the federal government shutdown, and the delayed state budget created financial strain for local nonprofits and economic hardship for thousands of Delaware County residents struggling to meet basic needs.

In the face of these challenges, the Foundation took action. We engaged our expertise, connected the many change-makers in the region, and mobilized our collective resources to address the urgent needs in Delaware County.

Through our flagship programs — grantmaking, Delco Gives, the Center for Nonprofit Excellence, and Family Village — the Foundation was on the frontline supporting residents and local nonprofits. We worked arm-in-arm with other community leaders to enhance county-wide efforts.

# AMPLIFYING **Charitable Dollars**

In response to the shifting needs across the county, the Foundation worked closely with other local funders and community leaders to provide expertise, infrastructure, and support that turned philanthropic ideas into action. Together, our strategic partnerships delivered charitable dollars where they were needed most.

**$2.2 million in grants, scholarships, and charitable care distributed in FY26**

## Partners in Giving

Over the past year, we deepened our partnership with The Community's Foundation (TCF), another community foundation with decades of experience in Delaware County, to launch collaborative grantmaking programs. Partners in Giving is a shared initiative to streamline grantmaking by aligning our resources and reducing administrative burden for grantee partners. Launched in January 2026, the first round of funding awarded more than $516,000 to 74 nonprofits focused on community development, health, hospice and home healthcare, support for cancer survivors, and youth development.

## The Associates Board

**The Foundation's Associates Board is a dynamic group of young professionals from diverse backgrounds and industries. In addition to contributing financially through their respective organizations, they contribute their time, expertise, and leadership to advance the Foundation's initiatives, network with like-minded peers, and make a tangible difference in our community. In December 2025, the Associates Board awarded $30,000 to 12 nonprofits through their Community Grants Program.**

### The Delaware County Rapid Response Fund

This new emergency fund, created in partnership with TCF, provides immediate financial support to nonprofits responding to urgent, time-sensitive needs, including basic needs, food support, and emergency housing services. Since activated in November 2025, the Rapid Response Fund has awarded nearly $150,000 to local nonprofits.

### Tourism Grant Program (Visit Delco)

In 2026, we partnered with Visit Delco as they launched their inaugural Tourism Grant Program, which awarded $250,000 to 24 organizations whose projects strengthen the local tourism economy. The Foundation provided administrative support and infrastructure for the Visit Delco grantmaking review process, ensuring a strong backbone for this new initiative.

### Pennsylvania Fund for Immigrant Rights and Equity (PA FIRE)

The Foundation serves as the fiscal sponsor and grant-making service provider to PA FIRE. The Foundation also provides crucial administrative services for PA FIRE, a statewide grantmaking fund that supports 37 immigrant rights organizations through a coordinated strategy to protect and advance immigrant rights across Pennsylvania.

### Annual Fund: Donate Where it Matters Most

Your gift to the Annual Fund ensures the Foundation can sustain the staffing and infrastructure our community leadership requires. Join us to take action and make a difference in Delco communities.

AMPLIFYING **Collective Impact**

# DELCO GIVES

**2024: $1.5 million**

**2025: $2.3 million**

**2026: $2.8 million**

The third year of Delco Gives was a true celebration of countywide generosity. The two-day campaign in May 2026 was the most successful yet, raising $2.8 million from 13,000+ donors to support 323 local nonprofit organizations.

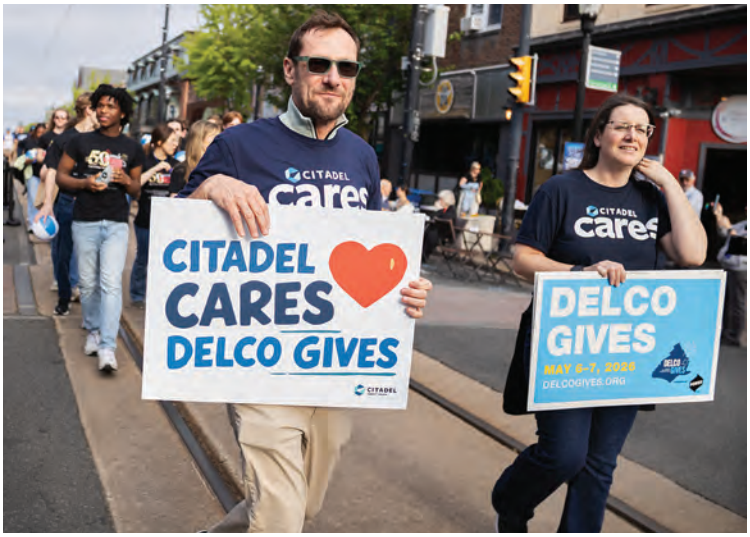

*"We founded Hope For Hallie to transform the conversation around mental health for youth. We work to break down the barrier of cost and make therapy and support services accessible to adolescents and young adults seeking mental health help. This past year, we participated in Delco Gives alongside fellow organizations in Swarthmore, working together to increase visibility, engage new and existing supporters, and strengthen our collective impact. The Foundation has created a culture where nonprofits work together instead of in isolation, and that collaborative spirit ultimately benefits every resident of Delaware County."*

– **Christine Jackson,** Founder, Hope For Hallie

*"Citadel Credit Union is proud to support the Delaware County community we share with so many of our members and employees. I have seen firsthand the incredible impact Delco's nonprofits make every day. Delco Gives brings people together to celebrate that work and help it grow."*

– **Bill Brown,** President and CEO, Citadel Credit Union

*"Strong communities are built around welcoming spaces where people can learn, connect, and belong. Libraries are one of those essential 'third places.' Ours is a community hub offering programs and opportunities for every stage of life. Delco Gives has benefited our library in ways that go far beyond the financial support received. We were able to engage more than 35 volunteers who partnered with us during our fundraising efforts. These dedicated supporters helped spread the word about our library's impact, reached new audiences, and encouraged others to invest in the future of this vital community resource. Their involvement helped transform fundraising into a true community-building effort."*

– **Nancy Mott,** President, Media-Upper Providence Free Library

## SAVE THE DATE!
DELCO GIVES returns May 5, 2027

# AMPLIFYING Nonprofit Resilience

## The Center for Nonprofit Excellence

The Foundation understands the unique challenges facing our local nonprofits, who continue to address critical needs and enhance the quality of life despite the broader destabilization of the nonprofit sector.

*"Chester Community Coalition (CCC) works to end gun violence and support healing for communities impacted by gun violence. I joined CNEx to strengthen my skills as a nonprofit leader and connect with peers facing similar challenges. Sitting alongside other nonprofit leaders gave me space to share what I was navigating and learn from their experiences. While our missions differ, many challenges around governance, sustainability, and leadership are shared across the sector.*

*"The Foundation has played a critical role in strengthening the nonprofit ecosystem so groups like CCC can build sustainable infrastructure, not just run programs. That kind of long-term thinking is rare among funders and makes a real difference for community-based organizations trying to grow responsibly."*

– **Lashira Council,** Executive Direrctor, Chester Community Coalition

# AMPLIFYING **Family Wellbeing**

*"Family Village gave me a support system, so I wasn't alone. My nurse checked up on me. We are always laughing, and she has a great relationship with my child. She helped me get into therapy, and I finally had the courage to talk to someone. She even helped me fix errors on my PECO bill. We also got WIC, and my partner is in the fatherhood program. Having a baby is expensive, and Family Village has been hugely helpful."*

– **Jasmine Carpenter,** Family Village Participant

## In 2025, we launched Family Village — a new, integrated model for a constellation of public health services that have been supporting Delco families for more than 40 years. Delaware County families are facing the dismantling of crucial safety net programs, the closing of local hospitals and facilities, and persistent racial and socioeconomic disparities in healthcare access. Family Village works to provide services and care, increase access to resources, and address complex needs, such as housing, legal assistance, and care coordination.

We prioritize care during the early years of a child's life, which has a profound impact on their lifelong well-being. Family Village walks alongside families navigating these crucial stages — from expecting a baby, to caring for a newborn, to raising young children under age 5. Our staff team of more than 65 clinical and administrative professionals build close relationships with families, providing culturally relevant services tailored to each family's personal circumstances. Our programs are designed to work together, meeting families where they are and helping them be healthy, stable, and successful.

*"The social, economic, and physical environments in which we live have a profound influence on our health and the health of our community. By increasing protective factors around the birth of an infant — such as high-quality healthcare, stable housing, and food security — babies will have a better health outcomes, and families will have a stronger foundation for long-term health and well-being."*

– **Katie Kenyon,** Vice President for Programs, The Foundation for Delaware County

## We help create

Family Village serves 8,000+ people each year

## Access to Birth Doulas

Over the past year, Family Village helped to expand access to birth doulas for Delco families. Birth doulas are valuable partners for birthing parents: sharing information to help prepare, providing physical and emotional comfort during labor, and helping families make informed choices in partnership with medical professionals.

Through a grant from the U.S. Department of Labor, we partnered with the Delaware County Health Department to create a new doula directory at delcodoula.org. Doulas may list their services, and families can search for a doula who meets their needs. In addition, through the Family Village doula program, we support doulas seeking PA accreditation for Medicaid reimbursements, so that their services are more readily accessible and available to low-income families.

## the village it takes to raise a child.

# AMPLIFYING **Donor Impact**

## Personalized Giving for Lasting Local Impact

The Foundation partners with a vibrant network of local donors, sharing our extensive knowledge of Delaware County and providing personalized donor services. Whether you donate directly to the Foundation, contribute to an existing fund, or start your own charitable fund, our skilled staff works with you to transform your passion into lasting impact.

Last year, we stewarded over $50 million in charitable assets through 94 funds, including donor-advised funds, field of interest funds, scholarship funds, nonprofit endowments, estate planning, and more.

*"When Brian retired, he was looking for volunteer opportunities and wanted to get more involved with local nonprofits. A neighbor introduced us to the Foundation and our journey began. Through the Foundation, Brian got involved with two nonprofit boards and started volunteering with a couple of other organizations, focusing on organizations providing critical services to seniors and individuals with disabilities.*

*"Then we wanted to help fight food insecurity within our community, so we worked with the Foundation to create a new donor-advised fund. We now provide direct grants to local food pantries recommended by the Foundation, including Murphy's Giving Market in Upper Darby and Saint Katherine Drexel Food Pantry in Chester.*

*"We contribute to international organizations, but we also want to have an impact locally within our community. The Foundation for Delaware County has been a great resource for us to learn about hundreds of nonprofits in our area and ensure our contributions are having a direct impact. The Foundation has been the bridge to people on the front lines providing aid and services to those who need it most within our community."*

**– Janice and Brian Hogan**

**We wanted to help fight food insecurity within our community.**

# AMPLIFYING **Your Legacy**

## Permanent Investment in the Future of Delaware County

Delaware County is our home, and we work with donors to build a thriving future for our neighbors and communities through endowed funds. We take the long view to stewarding and investing your charitable dollars, so your generosity makes a difference today, while also funding the causes you care about for generations to come.

### An Enduring Legacy

**The Erb Trusts**

More than 50 years ago, Swarthmore resident Thomas B. McCabe thanked Dr. William H. Erb for his friendship by creating a charitable fund with 4,000 shares of Scott Paper stock, worth $55,000. A few years later, with $1,000 plus the accumulated income of the Erb Fund, McCabe established a second fund in honor of Dr. Erb's wife, Ursula Erb.

As the funds grew in value, they were eventually combined and inherited by the Foundation, which has continued to administer the fund to benefit the community. The fund is now valued at over $2.2 million, illustrating how one generous gift can create an enduring legacy.

### A Future for Public Health

**Frances M. Sheehan Fund for Community Health**

In 2026, we proudly launched the Frances M. Sheehan Fund for Community Health, an endowed fund honoring Frances Sheehan, founding President of The Foundation for Delaware County. The Fund provides permanent support for public health priorities across Delaware County, including maternal and child health, health equity initiatives, and community-based health services. We have already raised $125,000 to strengthen nonprofits and innovative programs over the years.

### Planned Giving: Leave a Lasting Impact

A planned gift lets you create a legacy that outlasts you. We offer planned giving options to suit your financial situation and charitable interests. Some provide lifelong income to you and your family, while others use estate and tax planning to make your gift go further. Contact us to find the option that is right for you.
**delcofoundation.org/give-advise/give/**

### A Sustainable Future

*"At Main Line School Night (MLSN), we believe lifelong learning results in a kinder, healthier, safer, and more connected community. All of us have a bucket list of interests and experiences that, if given the chance, we would explore. MLSN works to make your adventure affordable, fun, and rewarding.*

*"Although we are a 90-year-old organization, MLSN only started soliciting contributed income in recent years. We have partnered with the Foundation to set up a quasi-endowment, which gives us a low-cost way to invest contributions, while also being able to access funds in a crisis. MLSN's small fundraising team benefits from the technical assistance and expertise of the Foundation's staff. These investment options will help our programs grow and remain sustainable for years to come."*

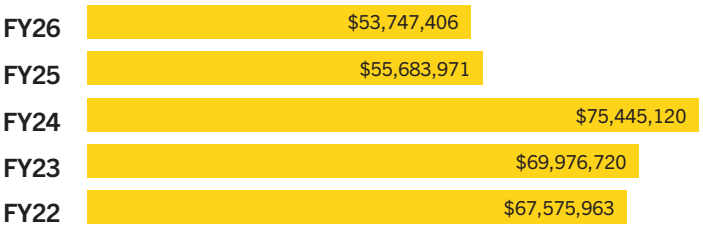

– **Rebecca Cain**, Executive Director, Main Line School Night Association

# FINANCIALS

## Financial Highlights*

As of June 30, 2026, the Foundation's consolidated net assets totaled more than $53 million. The annual rate of return on investments was commensurate with the prevailing investment environment. The portfolio yielded an 11.39 percent return this year.

### Consolidated Net Assets FY22-26

The 2026 change in consolidated net assets includes additional expenditures related to the closure of the Crozer Health system, including a $3 million contribution to defray costs associated with accessing medical records captured in *grants, scholarships & charitable care* below, and lease obligations for medical office buildings captured in *transition costs* below.

### Income FY26

| | |
|---|---|
| Grants From Government Agencies | $7,809,103 |
| Contributions From the Public | $6,579,831 |
| Investment Income | $4,454,236 |
| Changes in Value of Trusts | $107,825 |
| Miscellaneous Income | $123,199 |
| Special Events | $104,841 |

### Expenses FY26

| | |
|---|---|
| Program Services | $9,707,802 |
| Grants, Scholarships & Charitable Care | $5,178,962 |
| Administration | $799,267 |
| Development | $549,651 |
| Transition Costs | $4,879,918 |

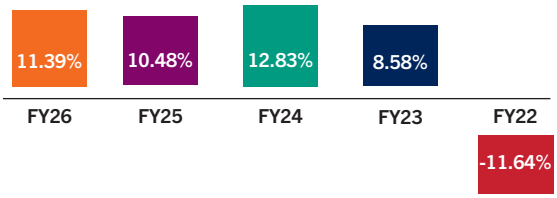

## Family Village

In October 2025, the Foundation launched Family Village, bringing together its programs under one unified brand dedicated to serving children and families in Delaware County. Of "Program Services" listed in Expenses FY26 above, 84% of expenses were generated from Family Village direct service program activities. To learn more about these programs, some of which have been serving Delaware County for 50 years, visit www.delcofamilyvillage.org

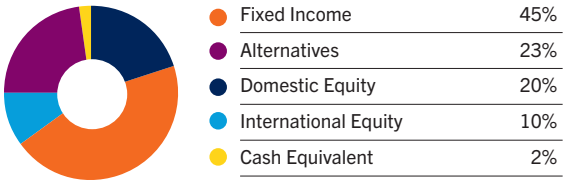

## Investment Performance

The growth of the Foundation's assets comes from a combination of new contributions received and investment performance. The Foundation's Investment Sub-Committee, with the assistance of professional investment consultants US Bancorp Asset Management, is responsible for establishing the investment policy and continually monitoring the performance of the Foundation's investments.

The Foundation's investment assets include significant donor-restricted funds, including donor-advised funds, charitable gift annuities, endowments, and other charitable giving arrangements. These funds are managed in accordance with their designated charitable purposes, ensuring that donor intentions are honored.

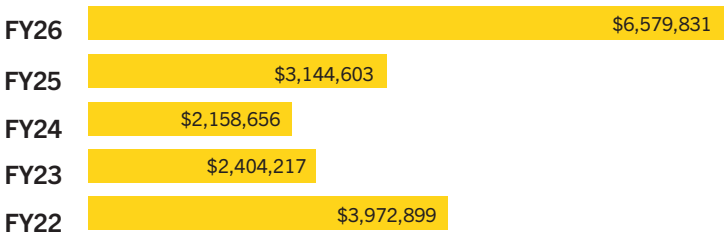

### Asset Allocations FY26

### Contributions

The Foundation's mission in action is made possible through the generosity of our donors – past and present. During the fiscal year, the Foundation received more than $6.5 million in contributions from the public. The significant increase from recent annual trends represents the growing generosity of our donors and also includes collaborative initiatives such as: the EMS Relief Fund launched in the wake of the hospital closure, the Delaware County Rapid Response Fund, and PA FIRE.

### Consolidated Contributions FY22-26

*Preliminary figures
Final audited amounts, financial statements, and 990 IRS tax filings will be provided at www.delcofoundation.org.

### Schindlinger Fund for Delaware County

*"I moved to Rose Valley in 2011, but I traveled so much for work. I had this realization during the pandemic that I knew more people in Singapore than Delco. After that, a friend connected me with the Foundation. I've never seen anything else quite like it. The blend of public health programs and philanthropy is really exciting.*

*I like to give to the things that often get overlooked, like general operating support, infrastructure, and talent. Mission doesn't happen without staff, after all. I trust the Foundation to know where the needs are the greatest and make good use of my dollars. I'm prioritizing giving to the Annual Fund right now, and I also started an endowed fund called the Schindlinger Fund for Delaware County. I'll continue to give to it over time. I'm aligning my philanthropy to what matters most to me."*

– **Dottie Schindlinger,** Fund Holder and Board Member, The Foundation for Delaware County

THE FOUNDATION FOR DELAWARE COUNTY 10 YEARS

200 E. State St., Suite 304, Media, PA 19063

The Foundation for Delaware County is partnering with the community to ensure everyone has a fair opportunity to succeed — where individuals, families, and neighborhoods thrive, and where each of us has the resources and support to flourish.

To achieve this vision, we connect passionate donors with effective community organizations to create a stronger, more resilient Delaware County — now and for generations to come.

We serve as a trusted partner, grantmaker, connector, steward, and expert, drawing on deep local knowledge and decades of experience to ensure that your generosity creates lasting impact on the causes you care about most.
